

# Doxim CCM for Utilities

A highly competitive customer communication management solution for utilities

Level One, Utilitec, Pinnacle, and Striata have come together with Doxim, creating the leading provider of Customer Communications Management for Utilities in North America. Over 250+ Utilities put their trust in us.

Doxim CCM for Utilities is an all-inclusive customer communication platform ideal for utilities to communicate reliably and effectively with customers, improve cross- and up-sell opportunities and drive increased consumer engagement through personalized communications.

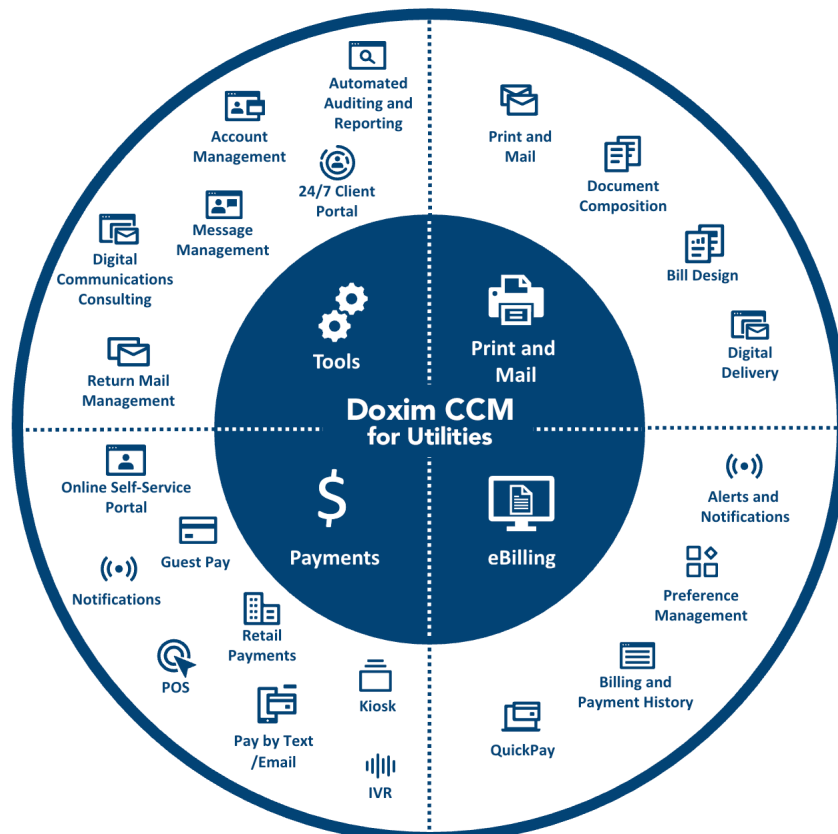

The platform is purpose-built to address the unique CCM and EBPP requirements of the utilities sector, improving the management of regulated communications such as bills and statements.

The solution includes a sophisticated bill verification tool and seamless bill payment solution via a suite of plug-and-play, integrated, SaaS software.

## Why choose Doxim CCM for Utilities as your CCM platform?

- Targeted, personalized data-driven messaging to customers
- Designed and developed for the unique needs of the utility sector
- Supports both print and digital channels providing customers with choice
- Single vendor for a unified end-to-end billing and payment solution
- Sophisticated bill verification tool ensures bad bills are stopped before delivery
- Security and accessibility compliant
